## City Drivers - Build Relationships and STOP Back Charges

Teamed with the driver's mobile computer, the driver can measure pallets at the point of pickup and present the details to the shipper for signature. Besides providing evidence to resolve billing disputes, the dimensional data can be transferred to the carrier terminal with the other shipment data in advance of arrival. At the terminal, forklift mounted scales can record the weight of each pallet as it is moved from the incoming trailer to the outbound bay door. Cubetape is NTEP approved and optimized for both Android and Windows operating systems. Ask your dealer for factory certified evaluation applications.

Exterior Overview

M   LED

Tape Tip

Battery Compartment

Protective Rubber Boot   Tape Cassette

Specifications and Highlights

Measurement	▶ Tape	19mm X 3m (10ft), Range 5cm to 300cm
	▶ Units	US: 1/10's, 1/4's, 1/2's, nearest inch, next highest inch
		Metric: mm, 5mm, cm
Communications	▶ Bluetooth®	V4.0, Serial Port, HID profiles and BLE option
Power	▶ Li-ion	970mAh with 2-hour recharge cycle
	▶ Duty Cycle	Minimum 8 hours on heavy duty cycle
Scanner	▶ 1D Optical	650nm visible laser diode
	▶ Program	Common symbologies and features
Functions	▶ One Button	Ø/send data
	▶ Ergonomics	2 x LEDs, buzzer
Physical	▶ Dimensions	140mm x 76mm x 31mm
	▶ Weight	Approximately 230g
Regulatory	▶ Environment	C-Tick, CE and FCC Certifications
	▶ Metrology	NTEP NMI AU MC
Other	▶ Application	shipper/ tablet/PDA accessory
	▶ Temperature	-20°C to 50°C, 14°F to 120°F
	▶ Humidity	Operating: non-condensed 10% to 80%
	▶ Accessories	Cradle C190DSK;
	▶ Spares	Tape cassette, Silicone Sleeve, Battery,
	▶ Warranty	12 months excluding consumables
